Jeff,

I would like to follow-up regarding a few items. Please see below.

1. Michael Sellens informed our staff, Paul Sanders, that he would be by the Regional Board office to review the case file this past Wednesday. However, there is no record of Michael being present at the Regional Board office and Paul has not heard from him. Can you confirm whether Michael still intends to conduct a file review?
2. Status of the response to subpoena and interrogatories: I have today marked as the due date for the response to these information and document requests. If you have any questions related to the Regional Board's requests, please let me know.

I am working out of the North Coast Regional Board office today. If you need to reach me, please email me and I can call you.

Regards,
Vanessa

Jeff,

I heard from Paul just now that Michael has not followed up yet to set up another file review. Perhaps no additional file review is necessary for Michael to conduct field work?

Ms. Young,

i understand that our consultant Michael Sellens is making arrangements for further file review with Paul Sanders after last weeks meeting. That review will further shape the response for associated field work. We are also securing quotes for the necessary sampling and analysis pursuant to provisions of the WDR MRP's as discussed.

Separately, I have requested information and records from the discharger for response to the pending discovery.

I will provide a further update before week's end.

Should you have any questions please do not hesitate to contact me.
